

# Prelude to One World Religion

## A. Stages of Deception

1. Harlot Babylon (The 'Elites' who want to control the world) is the forerunner who will bring in the new system of world order: economy, politics and religion. The devil's ultimate goal is not to rule over the nations. It is the harlot's goal. The devil's goal is to receive worship from mankind. It is the ultimate spite against God. Note Lucifer says 'I will' 5 times in Is 14:12-15 (c.f. Ezek 28:11-19). However, the harlot will not succeed in bringing the final phase of what the antichrist wants to set up, i.e., the worship of the antichrist and the devil. Once she outlived her usefulness she will be utterly destroyed by the beast, the 10-horn kingdom.
2. Then who brings in the one world religion for a short period of time (3 ½ years) which brings the 'abomination of desolation'? It is the role of the false prophet (Rev 13:12). Then what is the role of the harlot of Babylon? To prepare the world for the reception of the beast or the antichrist before the false prophet emerges. How? *Corruption, confusion and deception*. If we do not recognise the work of the harlot, we will become candidates for deception at the end of the age. Jesus warned of the last day's deception twice: (i) as a general endtime trend; (ii) specifically during the great tribulation (Matt 24:4-5, 23-25).

## B. Deception Stage 1 – Radical Moral and Spiritual Decline

Harlot Babylon's main weapon is her great wealth and deception to spread moral, spiritual filth in the nations through the 'use of technology, media, public education, and buying up political figures' to undermine the moral fibre of the society, especially the Judeo-Christian world view. C.f. Ps 2:2 shows the kings of the earth trying to break off the moral restraint put upon them by the word of God. Their first step towards it is to weaken the concept of moral absolutes in the world and the conviction of God's Word among His people.

1. Moral – There is an unprecedented attack on marriage and family and marriage, which is the clearest picture of the spiritual union between the Lord Jesus Christ and the church. The degradation of marriage, homosexual marriage, increasing gender confusion and the evil of abortion minimise the God-ordained family structure and value system that restrains evil in the society. Abortion is another issue attacking the sanctity of life. Single people are fully included in this mystery of intimacy with the Lord. E.g., Paul was not married but he had a clear insight into the mystery of marriage and spiritual union with the Lord.
2. Environmental – The real cause of the environmental shakings is human sin shown in Is 24:1-6, 19-20. The world wants to erase the Father God and introduce the 'mother earth', and it is increasingly becoming religious, e.g., 'Gaia' in Hollywood movies, cartoons, etc. The pseudo-science of CO2 wants to tax every nation on earth, and weaken the sovereignty of the nations over the issue of shared environment. Have you heard of 'chemtrail'? A Geo-engineering group releases into the air toxic chemicals loaded with barium, strontium 90, aluminum, cadmium, zinc, etc.
3. Ethical – We are now often hearing terms like gene therapy, stem cell research, 'eugenics' (popular 1900 in US & Europe). There is a massive attempt to control procreation and to alter the human gene through cloning, trans-humanism, creation of chimera, etc, all in the name of medical research. These experiments blur the very definition of humanity. When pig and human genes are put together, where is it going? Jesus died for the children of Adam only. The gospel of Christ is for the Adamic race.

Nephilim's return? Gen 6:1-2 talks about the hybrid race produced by the fallen angelic beings coming together with human women. God commanded Joshua to utterly destroy Canaan because of their moral degradation, and the giants (Heb. Rephaim) and Anaks (Num 13:33). Joshua destroyed Og, the king of Bashan, who was a giant. His iron bed was 4.1 x 1.8m (Deut 3:11). These giants were typically between 3-4m. Hundreds of megalithic stone tombs were discovered in the land of Rephaim (dolmen) dating from 5000-3000 BC. However, Joshua did not succeed in destroying all the giants in Philistia. Later Goliath was destroyed by David. God showed no mercy for this race of giants – Rephaim.

Why do so many UFO-related incidents seem to be after harvesting human genes? Something nefarious is going on. Some suspect the resurgence of the Nephilim, who may no longer be large.

## C. Deception Stage 2 – Deconstruction of Christian Religion and All Religion

The second step to bringing the One World Religion would be to discredit and deconstruct all religion before the final phase – that of antichrist demanding the worship for all nations. Scripture calls it the ‘abomination of desolation’. It will bring desolation for 3½ years.

1. Coming UFO Deception? In June 2021 there was a release of some information from the US Intelligence with heavy redaction. Is there a possibility of a ‘UFO disclosure event’ in the near future? A possible scenario could go something like this. *‘A disclosure of extra-terrestrial beings claiming that earth was seeded by them, and that Jesus was one of their ambassadors. In fact, all the outstanding religious leaders in human history were sent by them to help the lost human civilisations find the way of ‘love and peace.’ It is the next step in the path of human evolution.’* What will it do to the religions of the world? And to the church?
2. This would give all religions a great push to unite. The Vatican has been preparing for some kind of disclosure of extra-terrestrial life. *‘Vatican Observatory since 1993, told Catholic News Service that the discovery of alien life will not prove or disprove the existence of God, but will pave the way to questions on salvation and how it relates to intelligent species.’*

The false unity movement in the church is but a prelude to the One World Religion. There are increasing interfaith services and multi-faith dialogues of all religions. The current pope is heavily involved in this ‘religious unity movement’, bringing the church, Islam and Judaism together.

3. The traditional evolution theory that says life came from a ‘primordial soup’ by an accident, is too hollow. It lacks scientific and philosophical consistency. So, the traditional theory could be replaced by the new theory that claim life came from intelligent design of a kind rather than by a chance while denying the Almighty God is the Creator. Catholic research centre believes such an announcement by world leaders could radically impact religious beliefs and potentially lead to the creation of a new global religion. If this happens, how many ‘Christians’ will be swept away to follow this crowd?

These are not the extra-terrestrials but the deceiving spirits. They are powerful spirits. Bible talks of strong delusion and lying signs and wonders (2 Thess 2:3-4, 9-10) in the last days. We must receive the love for the truth to discern the lies.
